TUESDAY EVENING, AUGUST 20.

COLORED POLITICS-A WAKING UP - The colored population of our city, it seems, are slowly waking up to the issues of the day, and are beginning to realize the true character of of some their would be radical leaders, from abroad. Many of the more intelligent and prominent among them are denouncing in free terms tne duplicity and party trickery of imported radicals who seek to use them as a lever to hoist themselves into office. They declare that they will never nominate one of these people, or vote for one under any circumstances, but that their votes shall, if cast for a white man, be given to some old and trustworthy citizen, for Mayor. Those who thus express themselves, occupy a position of influence among the colored people here, and are familiar with their intentions and predelictions. This revolution of feeling and sentiment dates from the late Richmond Convention, the majority of the delegates from this city expressing themselves as being disgusted with the conduct of the leaders, and the disgraceful management of that meeting. The thinking | ferior white, and 190, 215, 216, 218, 220 and 223 colored men say that, whatever may be their power, politically, it would be impolitic to use it in a way to exasperate the white residents, whom they should rather strive to conciliate; as it would be, if nothing more, to their interest, to cultivate the kindly sentiments of the whites toward them, seeing that they must live with and be dependent in a great degree

EDUCATIONAL. - A meeting, composed principally of colored people, was held at Liberty Hall last night, which was addressed by Langston and Yancey, colored, on the importance and advantages of Education. Langston's speech is represented by those who heard it, as a speech far superior in every respect, to those generally delivered by the "peculiar" friends of the colored people, who attend their meetings, to give them advice and instruction, and "direct their steps;" and as not calculated to stir up strife and bad feeling, but rather the contrary. After the addresses, a collection was taken up, and upwards of \$100 subscribed towards the cause of Education. The meeting was presided over by G. W. Paker, colored, and the hall was filled.

ALEXANDRIA CHRISTIAN ASSOCIATION. --This Society will hold its regular monthly meeting to-night, at 8 o'clock, in the rasement of the Baptist Church. As the Committee on Rooms will report, as to the proper terms for by M. Eldridge & Co. the accomodation of the association, and for the books of the Alexandria Library, and as other business of importance will be presented for action, it is hoped that there will be a full and prompt attendance, on the part of the members.

RICHMOND COLLEGE. - Attention is called to the advertisement of Richmond College.-It had, last session, ninety students-a most encouraging success-and it is expected the number will reach at least one hundred and fifty the coming session. The plan of forming students' "messes" was put into operation during the past session, and it worked admirably. Those adopting it found their expenses reduced to about one-half of what they would otherwise have been.

WASHINGTON, GEORGETOWN AND ALEX-ANDRIA RAILROAD. -- Messrs. Stevens and Phelps, the lessees of this road, in view of the increasing business of the road and the demands of the public, are having built at Taunton, Mass., two fine Mason engines, with which they will run trains, leaving each end of the road hourly. These engines will have four and a-half feet driving wheels, twelve-inch cylinders and twenty-two inch stroke, and are to be finished in the best style. They are expected here about the middle of next month .- Washington Star.

Lewis the rector of St. John's Episcopal Church. The house had been previously robbed of a number of valuable articles. The building is owned by William Wilson, who estimates his damage at \$500. The amount of the lose of Mr. Lewis could not be ascertained, as he is now absent from the city.
